

Using the Secret Server Interface:

On the left, there is the Menu Bar (from top to bottom):

- *Home tab* - shows your most used secrets and it also shows pending approvals.
- *Secrets tab* - contains all different search parameters for your secrets, as well as folders that can personalize if needed.
- *Reports tab* – shows secrets from other teams members that you are allowed to view
- *Inbox tab* - show messages and alerts from the secret server including approvals from shared secrets as well as system alerts
- *Settings tab* - contain policy links as well as the Launcher tools for the web browser extensions for your saved passwords.

On the top right corner, there is the User Bar (from right to left):

- *Search bar* - use keywords to search the site for needed information
- *Help tab* – general information about the site as well as User Guide.

- *New tab* – add new secrets and folders
- *Notification tab* – shows notifications and alerts
- *Secret Panel tab* – shows your favorites, recent activity. Most used secrets and secrets that were shared to you
- *User tab* – shows user account profile and preferences
